## PET RELEASE FORM

Your pets visit to us is very important and we want to assure you that every effort will be made to make his/her visit as pleasant as possible.

Occasionally when grooming a pet some hidden medical problems can become evident such as ear infections, sores and/or skin allergies. Also regardless of how careful we are, problems can occur during or after the grooming such as nicks and clipper burns. In either case, you will always be advised of the situation upon pick-up.

**My Doggies Daycare** has the right to refuse grooming for any animal that may be a threat to itself or any person.

We also want to protect our employees and customers pets from possible infections. We ask that your pet has all their current vaccinations including Rabies.

**RELEASE: I have read and understood the foregoing cautions printed above. I realize that grooming my pet may cause injury or an allergic reaction to my pet(s), and should such an occurrence arise, I will be responsible for any veterinary care required for my pet. I consent to and authorize the grooming of my pet(s) and I release My Doggies Daycare and its employees and/or independent contractors from any responsibility or liability arising out of the performance of those services. My pet is also current on all vaccinations including Rabies.**
