

"My Doggies Daycare has been great for our 2 year old Old English Sheep dog Winston. We could never seem to be able to walk him enough or give him enough love. My Doggies Daycare completely tires him out and gives him something to do. He is also a very social dog and loves other dogs and people. I do not worry about him with our 19 month old daughter or other dogs in the neighborhood because I know he has been "socialized".

The staff is so service oriented. We have tried another day care in the area and they do not even come close to the care that the My Doggie's Daycare staff has for Winston. They save us time because they can even bathe and groom Winston (which can be a big job) and is such a great service as well.

In the past when I would drop my pets off to be boarded due to a vacation or a business trip, I would feel so sad. But not any more. I know Winston will be having a lot of fun and will have the best care. He won't be locked up in a cage all day and that makes me very happy. I can even watch him on the internet when I start to miss him!

I would highly recommend My Doggies Daycare and feel very fortunate that they are located in Orange County."

Bret and Lori Good
(aka Winston's Parents)

"We are extremely pleased with the services and staff at My Doggies Daycare. What stands out about the employees is that they really take care of each dog like it is their own. Our Chinese Crested "Anando" is much less shy since he has been going there for daycare, and he seems more happy and sociable overall. The training and grooming services are also excellent; and we would recommend this facility to all caring dog owners."

Jim Shemanski & Birgitt Gottschalk

"I inherited my Maltese dog Princess from my mother who came to me spoiled with attention and no training. She was 9 months old and barked constantly and drove my neighbors crazy during the day while I was at work. I hired a trainer who suggested day care or adopting another dog to keep Princess entertained. My vet recommended My Doggies Daycare. During our introduction to the facility we were warmly greeted by the staff and Princess immediately took over the small dog room. I brought her to MDD daily and her behavior problems went away. I later adopted Max, a Maltese about the same age as Princess and he loves to go to MDD as much as Princess. I have boarded the dogs countless times for as long as 2 weeks as I have the utmost confidence in the staff

at MDD. I know my dogs are well cared for and loved and it gives me a great sense of relief that I can go away on extended vacations and leave my dogs in good hands. I must say also that the groomer does a fantastic job on my high maintenance Maltese dogs who get their hair done more often than I do!

I can't say enough good things about MDD. It is a clean facility, the staff and ownership is outstanding and when I ask the dogs if they want to go to day care, their little ears perk up and they dance around in circles!

Thank you MDD for your outstanding customer service!"

Shelley Evans

Jake the Weimiee

"He's got a personality like no other and an energy level to match. He visits MDD consistently, not only for his well being, but also for the sanity of his parents. There is nothing like picking him up, knowing that he will be exhausted from a full day of play and will sleep for a couple hours afterwards. MDD has been excellent in keeping him socialized. They give him a lot of love and attention. Whether he's going for just the day or boarding for a multiple night stay, we know Jake is always well cared for."

Jimmy & Roger

"The service provided by MDD while caring for my 5 year old German Shepherd has been, in a word, exceptional. I initially used another day care facility near by and found their care satisfactory. After several days of care at MDD however, I changed to having all my care provided by them because of their enthusiasm, attention to detail, and knowledge of canines. On more than one occasion they noticed minor conditions and brought them to my attention. They truly love their work and it shows in the love they give their charges.

Since I started with them when they opened I have watched MDD grow and add additional services. I have had them regularly provide teeth brushing, nail clips, and bathing to my loved one and, when required, boarding. They helped when we were evacuated during fire and were there for me when I needed flexibility in care while selling a home and moving.

What is exceptional about MDD are the people. Their enthusiasm is contagious and I can always count on being happier after I pick my dog up than when I arrived. In summary, MDD is the place for my pet's daycare and boarding because they have supplied a consistently high level of service at a fair price to me for many years."

Kyle McNeil

"Our experience with MDD has always been great. We started bringing our two Aussie's, Jerzee and BearBear when they first opened. We loved the staff and the facility immediately. Our boys would get so excited if we just said the words, My Doggies Daycare, so we had to be careful not to say it too loudly because they would start going nuts!

Then we added two more dogs, the girls, Abby and Faith, Yorkie sisters, to our family. The first time we brought the girls, they were a little hesitant, but with the help of the staff, they have really started to love to go. Their unenthusiastic entrance had nothing to do with MDD; it had to do with the fact that they are so attached to me! Going to MDD helps them to become more independent, and with their brothers in the big dog room it gives me a break to accomplish whatever I need to get done.

MDD staff is so accommodating; if we ever need to board them they allow all four dogs to sleep in the same area, which is really comforting to Abby and Faith. Not only that, but whenever there has been a question, regarding a charge, obedience, grooming services, asking them to keep an eye on one of the dogs to see how they are behaving or just plain listening to us gush about how cute and adorable we think our dogs are, everyone truly is so helpful, friendly and willing to resolve any problem. We recommend MDD to anyone who has a dog. Bottom line, we just love MDD!"
